

# Sourcetec Ultra Central Purifier SUCP-300

## HOW IT WORKS

### Electrostatic Particle Filtration

High efficiency particle filtration arrests allergy causing mold spores, pollen and lung-damaging dust. Removes up to 93.3 % of microscopic airborne particles.

Keeps fan motors, A-coils and ducts clean and operating at maximum efficiency.

### Ultraviolet Disinfection

Dual U.V. lamps kill disease causing airborne virus, bacteria and mold on contact.

Used by hospitals to stop the spread of influenza, hepatitis, tuberculosis, pneumonia and other diseases passed from person to person through air.

### Photo Catalyst Purification

Destroys toxic chemicals and odors. Oxidizing Catalytic technology converts and neutralizes stubborn odors, fumes and toxic chemicals to harmless water and carbon dioxide by-products. No Ozone generation.

## Stop Allergies before they start

- Eliminate unpleasant smells and odors
- Reduce and eliminate bouts of colds, sore throats and sinus problems
- Dramatic relief from allergy-induced ailments such as sneezing, wheezing and laboured breathing
- Freedom from constant dusting

## Model SUCP-300 Specifications

Dimensions: W 21" x H 25" x D 10.25" Weight: 42 lbs.  
 Max Face Velocity: 625 FPM Voltage: 120v – 60hz  
 Max Air Flow: 2170 CFM Application: 3000 Sq.Ft

Ontario, Canada - Ohio, USA
